

Mustard Seed Communities

CARING FOR THE MOST VULNERABLE

HELP MUSTARD SEED COMMUNITIES FUND:

Solar Water Heaters at Antioch Village, Jacob's Ladder

6 heaters

\$3k each

\$18,000

Mustard Seed Communities cares for the most vulnerable members of society in critical ways. Currently, there is an urgent need for solar water heaters in Antioch Village at Jacob's Ladder.

This spring, residents from the Widow's Mite apostolate will move to Jacob's Ladder. Many of these residents are children with severe disabilities. These children need hot water to bathe in because bathing in the cold water from this mountain climate leaves them susceptible to illness.

Your gift towards the purchase of solar water heaters will bring increased sanitization, protection from illness, and comfort in the form of hot water to the children and adults of Mustard Seed Communities. Thank you!

LOOKING FORWARD,
JACOB'S LADDER
WILL NEED MORE
SOLAR WATER HEATERS:

8 @ Corinth = \$24,000

12 @ Bethany = \$36,000
